TIGHT CENSORSHIP BLACKS OUT KOREAN WAR FRONT NEWS

"CEASE FIRE" RESOLUTION IS DISCUSSED

Washington, June 6—(AP)—Secretary of State Acheson denied today there was any "appeasement" in United States support of last January's futile move by the United Nations for a cease fire in Korea.

Acheson told the senate's MacArthur inquiry that the State Department backed the move because "We x x x thought that the sound thing to do was to vote in favor of this resolution."

The U. N. cease fire resolution sought to arrange an armistice and submit to "an appropriate body" of UN members the questions of the future of Formosa and China's representation in the United Nations.

Nothing came of the move because the Chinese Reds rejected the proposal.

Senator Russell (D.-Ga.) brought up the matter at the senate hearings. He is chairman of the senate armed services and foreign relations committees conducting the inquiry into the dismissal of Gen. Douglas MacArthur.

Russell asked Acheson for testimony about "the resolution that we supported that gave rise to charges of appeasement."

Critics have contended the United States by endorsing the plan had risked a situation in which it would have been outvoted by a coalition of the Red Chinese, British and Russian representatives.

Members of the inquiry panel asked Acheson to relate the circumstances under which the Chinese Communists were invited last summer to take part in U. N. talks regarding the Korean situation.

Acheson read into the record a telegram which Red China's foreign minister sent last Aug. 24 to Russian Jacob Malik, who was serving then as president of the U. N. Security Council.

The telegram, made public at the time, accused the United States against the territory of China and of a "direct armed aggression" a total violation of the United Nations charter.

When he finished reading the document, Acheson said that in substance, the Red Chinese Foreign Minister, Chou En-Lai, had charged that "President Truman was preventing with armed force the liberation of Taiwan (Formosa) by the Communist forces."

The Communists' telegram, Acheson said, was based on a contention that "Taiwan (Formosa) is an integral part of China," and that this country was blocking its "liberation" by the Reds.

He quoted the telegram as denouncing "the decision of the United States government to prevent with armed forces the liberation of Taiwan by the Chinese People's Republic (Red) army."

Republican and Democratic Leaders Predict Passage of Teacher Salary Boost Bill

Harrisburg, June 6—(AP)—The \$46,000,000 teacher salary increase bill neared a house vote today.

Both Republicans and Democrats freely predicted its passage. The measure calls for a flat \$400 cost-of-living pay raise for most of Pennsylvania's nearly 60,000 school teachers starting next September.

It also would hike minimum and maximum salary levels by jumps of \$200 a year, starting in 1952. The minimum salary of a college-certified teacher would be \$2,400 a year.

The teacher salary bill carries with it far-reaching financial implications. It calls for \$26,000,000 more than the \$20,000,000 recommended by Gov. Fine in his \$1,220,000,000 budget for the next two years.

Eleven Republican senators have held up senate action on the house-passed administration proposal for a one-half of one per cent personal income tax. The levy is designed to raise \$119,000,000 in the next two years.

Until the senate does something to resolve the tax picture, the ultimate fate of the teacher salary bill continues in doubt.

But the house is proceeding with its fiscal business as if there was nothing amiss on the administration's tax program across the capital.

In less than two hours last night a \$625,115,405 general appropriations bill was introduced, received committee approval and given initial floor action in the house.

Although in the past years the big money-spending bill signalled the approach of adjournment, it appears to be a different story in 1951.

Chairman LeRoy Chapman (R.-Warren) of the senate finance committee said only stop-gap appropriations will clear his committee. Appropriations for a full two-year span will be held up indefinitely, he said, until the mud-died tax picture clears.

The general appropriation bill calls for \$4,716,185 in expenditures above Fine's budget estimates. Some decreases are made but they are more than offset by increases.

Another sidelight of the income tax picture was a house action in returning to committee a bill that would have exempted non-residents from local wage taxes.

The measure, backed by lawmakers who opposed the state-wide income levy, is apparently picked for the remainder of the session.

Iran Slows Down On Oil Seizures

Tehran, Iran, June 6—(AP)—Iran slowed up today on seizure of the properties of the billion-dollar Anglo-Iranian Oil Company, but most newspapers here were criticizing the government for not speeding enforcement of its nationalization law.

With representatives of the British-owned company announced to come here for oil talks with Iranian officials, the government already exhibited a definite slowdown in the take-over measures it had vowed would be carried out early this week.

As a result, most of Iran's press blasted Premier Mohammed Mossadeq for not implementing the law at once.

The Rightist newspaper Tolfon declared the government's "actions are only on paper."

The Leftist organ Besoooye Ayandeh declared Mossadeq's "unclear, vague" policy is helping AIOC to postpone enactment of the oil law.

Dinner will be served at six o'clock, followed by an evening service for which the speaker will be Rev. P. H. Augustine, pastor of the Consolidated church at East Springfield. His topic will be "Separation of the Church and State."

One of the features of the Saturday morning session will be the showing of pictures of the Baptist Home and Orphanage in Pittsburgh; while in the afternoon, Rev. John M. Jensen, pastor of Wayne Park Baptist church in Erie, will give a review of the Friday topics and an explanation of the National Council of Churches.

QUICKIES By Ken Reynolds

Allocates \$52,000 To Warren General

Harrisburg, June 6—(AP)—The house listed for debate today a committee-approved measure to appropriate \$18,989,200 for state-aided hospitals.

The bill was introduced last night and given immediate approval by the house appropriations committee.

The Welfare Department would distribute the money to pay at the rate of \$6.50 a day for patients unable to pay their own hospital bills.

Allocations to the hospital would include:

The Warren General, \$52,000; Titusville, \$18,000; Oil City, \$46,000.

Big Three Delays Reply to Russia On Treaty Discussion

Paris, June 6—(AP)—The western big three delayed today their reply to the Soviet Union's demand that any four-power foreign ministers' conference must specifically discuss the North Atlantic pact and American bases abroad.

The west was scheduled to give an answer to the "yes-but" acceptance by the Soviet Union of an invitation to convene the Big Four meeting on international tensions. But it appeared that the foreign ministers' deputies would not meet today.

The French cabinet has called a meeting to take up the question tomorrow, and Britain and the U. S. were said to be seeking more time to prepare their answers.

Two days ago Soviet Deputy Andrei Gromyko, replying to western notes suggesting a Big Four meeting in Washington July 23, said the U. S. S. R. would agree to such a meeting in Washington on July 23, said the U. S. S. R. would agree to such a meeting if the pact and the bases were placed on the agenda. The west looked upon this as amounting to rejection of the western bid.

CHANCE FOR NAZIS

Washington, June 6—(AP)—A supreme court attache said shortly after noon today that the court would consider a request for a last minute stay of execution for seven condemned Nazis.

Oil Creek Baptists To Meet in Warren

The annual meeting of the Oil Creek Baptist Association will be held in the First Baptist church in Market street on Friday and Saturday of this week, with delegates coming from all churches of the denomination in Northwestern Pennsylvania.

Highlights of the gathering will include the annual sermon to be preached Friday morning by Gordon Abrams, Lincolnville; with addresses by Dr. G. A. Gabelman, state executive secretary, and his staff members, Rev. George Hammond and Miss Phyllis Rowe, in the afternoon.

Dinner will be served at six o'clock, followed by an evening service for which the speaker will be Rev. P. H. Augustine, pastor of the Consolidated church at East Springfield. His topic will be "Separation of the Church and State."

One of the features of the Saturday morning session will be the showing of pictures of the Baptist Home and Orphanage in Pittsburgh; while in the afternoon, Rev. John M. Jensen, pastor of Wayne Park Baptist church in Erie, will give a review of the Friday topics and an explanation of the National Council of Churches.

FUND TO ENFORCE LAW

Johnstown, June 6—(AP)—The Ministerial Association of Cambria County is campaigning for \$10,000 to improve law enforcement to the county. The drive will be carried on by nearly all of the county's 100 Protestant churches. Ministers say the money will be used to publicize the good and bad points of law enforcement and to encourage higher standards.

Warren Boy Choir Accepts Invitation To Appear on Paul Whiteman Program

The Warren Boy Choir has accepted an invitation to appear on Paul Whiteman's Teentime Television program in Philadelphia Saturday afternoon, June 23rd and a campaign to raise the necessary funds will get underway at once.

Byron L. Swanson, director of the choir, said this morning that a tape recording made at WNAE was sent to Whiteman as an audition and consequently the choir was given a spot on the TV show.

It is estimated that the trip will cost about \$750 and a committee from the Kiwanis Club will be in charge of accepting public donations. Clifford Betts is chairman of the committee as-

FINAL VOTING ON TAX BILL STARTS TODAY

Washington, June 6—(AP)—The House Ways and Means Committee was summoned into session today to begin final voting on a proposed \$7,100,000,000 tax increase.

Members of the Democratic majority predicted no fundamental changes in the measure at the closed-door session. Nevertheless, dozens of votes on individual items were anticipated, with ever-present chance of an upset.

Rep. Richard M. Simpson (R.-Pa.) said he would seek a second show-down on the excess profits tax issue affecting earnings of corporations. In a stormy session two weeks ago, the Democrats rode over Republican resistance and tentatively voted to broaden the base for the excess profits levy.

Simpson and a Republican colleague, Rep. Reed of New York, complained that the Democrats had violated an agreement reached earlier this year to refrain from changing that tax until studies could be made of its impact on various concerns. An excess profits tax was in effect during World War II, but was allowed to lapse and was not revived until last year.

Another issue sure to be reopened is the committee's tentative decision to levy a 3½ per cent tax on electric energy generated by municipal, state and federal power plants and sold directly to consumers. The tax now applies to current sold by privately owned utilities. Rea cooperatives would remain exempt.

Plenty of complaints were coming from Nevada on the proposed gambling tax, but few from any other state, members reported.

A 12½ per cent increase in everybody's income tax is reckoned to bring in an additional \$2,900,000,000. Corporate tax boosts were figured at \$2,900,000,000, and increases and additions to the excise taxes \$1,000,000,000. A withholding tax at the source on dividends and interest is expected to yield \$400,000,000 which otherwise might escape taxation.

Officials at Odds Over How to Deal With Wage Boosts

Washington, June 6—(AP)—Economic stabilizer Eric Johnston and the wage stabilization board, at odds over how to deal with pending wage increases, were still looking for a formula today to fit the future.

In the discussion current disputes may be solved and an overall, long range wage policy may be adopted.

Critical disputes are brewing in shipyards and northern textile and woolen mills over negotiated wage increases. The 18-man board is sitting on these while it ponders the bigger mobilization-stabilization picture.

The board has been meeting without Johnston for the past two days. Most of its time has been devoted to another major postwar contract feature—the productivity bonus.

A million auto workers await the answer to that one.

Government Drops "Mother Hubbard" Suit Against the Petroleum Industry

Washington, June 6—(AP)—The government today dropped its so-called "mother hubbard" anti-trust suit against the U. S. petroleum industry.

Attorney General McGrath, in announcing the action, said the litigation—originally filed in September 1946—was too unwieldy for prosecution as a single case.

Instead, he said, the Justice Department has decided to press individual anti-trust cases against various segments of the oil industry in actions involving fewer defendants and more limited issues.

The "mother hubbard" case was brought against the American Petroleum Institute and 367 corporations engaged in various phases of the petroleum business.

Among layers, it has often been said facetiously that the case was never brought to trial because the government did not have a court

Eisenhower Visits Hallowed Beach On The Seventh Anniversary of D-Day

St. Me reEglise, France, June 6—(AP)—Gen. Dwight D. Eisenhower stood today on the spot where Allied might began the drive which smashed the German conquerors, and warned possible future aggressors that "all the free world would rally here again" if western civilization was threatened.

In an impromptu speech marking the seventh anniversary of D-Day, the man who commanded the western legions declared:

"We hope that the campaign begun seven years ago taught all aggressors one thing—that the soil of France is sacred to all the freedom-loving world."

"All aggressors would do well to remember that. Our great hope is to convince them not to advance, so this sacrifice by all the world will not have to be made."

Gen. Eisenhower, now commander of a new and growing western force—the Atlantic pact army—being built to deter possible aggression—spoke in front of the town hall at St. Me reEglise, his starting point for ceremonies marking the landing of Allied forces on Normandy's bloodied beaches seven years ago today.

Eisenhower placed a wreath of blood-Red American beauty roses on "Milestone Zero," which marks the start of the "Liberty Highway" the Allied forces blasted through the Nazis to liberate France.

Eisenhower came back to this historic spot in his four-engined Constellation plane. With him were Mrs. Eisenhower and high officers of the French general staff. Before he landed, the plane flew over the battlefields—and also (Turn to Page Ten)

DEGREE FOR RICKY

Ricky coached both football and baseball at the college during 1904 and 1905.

Neighborhood Druggist Jumps Into New York City Price War With Injunction

New York, June 6—(AP)—A small neighborhood druggist has jumped into New York City's price war with a legal challenge against the world's biggest department store, Macy's.

The druggist, Adolph Rothbaum, of Woodhaven, Queens, is seeking a temporary injunction restraining Macy's from underselling price-fixed articles produced and sold within New York state.

Rothbaum filed his suit in Queens State Supreme Court yesterday as department stores heretofore completed their sixth day of price warring.

A comparative lull set in as the more popular items were exhausted. But the reductions extended to other cities across the nation including such scattered centers as Denver, Colo.; Jackson, Miss.; Albuquerque, N. M.; Harrisburg, Pa.; Akron, Ohio; Oklahoma City, and Atlanta, Ga.

Even a variety store in far off Sitka, Alaska, posted reductions of 10 to 15 per cent on some fair-trade items.

Cut-rate skirmishes continued in San Francisco, Newark, N.J., and Omaha, Neb.

However, in only a few cases were the cut prices elsewhere matching those posted in the hotly-fought price war here.

Sunbeam Mixmasters, sold here at \$26.59 before stocks were exhausted, were offered in various cities at \$29.95 to \$41.85. The item's regular fixed-price is \$46.50.

It was a U. S. supreme court decision, upsetting interstate fair-trade control on certain price-fixed items, that set off the war.

In his suit against Macy's, which started the price cutting, Rothbaum said New York state's fair trade law still applies to items that do not enter interstate commerce.

GAINS OF TWO MILES SCORED BY 8TH ARMY

Tokyo, June 6—(AP)—Allied tank patrols today hammered at the gates of Chorwon and Kumhwa, southern anchors of the Communist central Korean stronghold.

A tough and confident United Nations army "is standing at the front door now, hammering at the lock," AP Tokyo bureau chief Robert Emsen reported from Eighth Army headquarters in Korea.

Tight censorship blacked out the exact distance Allied troops were from the Reds' strategic Chorwon - Kumhwa - Pyanggang bastion. The Eighth Army reported gains of up to two miles, except on the bitterly defended eastern front.

In the west, Emsen reported Allies had "battled all the way back to the gates of Chorwon. . . . Exactly where they were six weeks ago when the Communists' first spring offensive was touched off."

Then, the main line was four miles from Chorwon. Armored patrols stabbed two miles closer.

Wednesday night the Eighth Army announced U. N. forces rolled one to two miles nearer Chorwon from positions north of Yonchon. And a tank patrol rumbled 2½ miles ahead of the line, running a gauntlet of Red fire.

Dispatches from the central front reported U. N. troops drove nearly a mile closer to Kumhwa, eastern gateway to the Communist supply and build-up zone. Allied infantrymen slogged through sporadic artillery and mortar fire, robbing out Chinese from log-topped fox holes.

Smaller, more careful advances were made to the east on the Hwachon-Kumhwa road, although Chinese there had pulled back three miles to stouter defenses.

Bitterest fighting was farther east. North Koreans fought a fierce delaying action against U. N. forces pushing out from Yanggu and Inje while Communist trucks carted off the remains of a sizeable ammunition dump.

Emsen reported official estimates place 300,000 Reds on the (Turn to Page Ten)

PAPER COST UP

International Paper Co., of Montreal today announced that, effective July 1, the standard price for newsprint will be increased \$10 a ton.

The company said its present cost of manufacture has increased by more than that amount since November, 1950, when its newsprint prices were last adjusted.

BYSTANDER SHOT

Pittsburgh, June 6—(AP)—The doorman of a Pittsburgh night club is free on \$2,000 bail today, charged with feloniously shooting Marvin W. Marshall, 46, Pittsburgh business man. Police Inspector Lawrence J. Maloney said Thomas Wall, 29, surrendered yesterday. Police said Wall fired three shots during an argument with two men and one of the bullets hit Marshall, an innocent bystander.

Compensation Sought By Displaced Person

Attorney E. H. Bashlin was in Erie yesterday where he represented Sam Grumstein, of New York City, in a workmen's compensation hearing.

The case is believed to be one of the first in which a displaced person has filed application for compensation in Pennsylvania.

The woman, who was held in a concentration camp in Germany for 18 months during World War II, suffered a compound fracture of the wrist while working at Cambridge Springs in July, 1947.

She has since moved to New York.

Beaming Grads at Atlanta Leave Lovely Classmate Facing Death From Cancer

Atlanta, June 6—(AP)—Out into the world last night went 185 beaming, hopeful high school graduates, leaving a lovely classmate, Betty Thompson, to face death.

And cancer-doomed, 18-year-old Betty wistfully watched them go, held proudly the loving cup they voted her as the class' outstanding citizen.

The graduates went out dedicated for a brief, precious moment to peace and "one world."

There was ahead for Betty only certain hopes of a brief marriage to Sailor Tom Amburn and then—perhaps this fall—death.

But Betty lived last night in a present, smiling gently at her classmates as they filed through an arch of swords onto the stage of the municipal auditorium.

The graduation exercises were held in the auditorium to accommodate about 2,000 friends and relatives of the Russell High school senior class.

Betty sat through half of the exercise on a sofa behind the piano on the stage. She steeled herself as honor student Martha Ann Hemperly declaimed "The Challenge to Abundant Living."

Then came time to announce class awards and to hand out diplomas. Betty's brother, David, led the pale, brown-eyed brute from the sofa to her place with the rest of the class.

During the alma mater song, Betty rose and sang with the rest, being carefully to a friend's arm and balancing easily on her one

St. Marys Boy Loses Life in Reservoir

St. Marys, June 6—(AP)—The body of 10-year-old Billy Herzog of St. Marys was found today in the city reservoir 14 hours after his disappearance. Police believe the boy stumbled into the reservoir last night.

Betty already has lost one leg to the cancer which now has spread to her lungs.

Like any proud school girl she quickly unrolled her diploma and read the inscription aloud to herself.

Tom has promised to be on hand for her graduation, but was confined to the Naval Hospital at Norfolk with a severe case of nerves.

They had been planning marriage when Tom went home to talk it over with his parents. The Navy cancelled his furlough for leaving the place he had given as his emergency address.

The Warren Boy Choir has accepted an invitation to appear on Paul Whiteman's Teentime Television program in Philadelphia Saturday afternoon, June 23rd and a campaign to raise the necessary funds will get underway at once.

Byron L. Swanson, director of the choir, said this morning that a tape recording made at WNAE was sent to Whiteman as an audition and consequently the choir was given a spot on the TV show.

It is estimated that the trip will cost about \$750 and a committee from the Kiwanis Club will be in charge of accepting public donations. Clifford Betts is chairman of the committee as-

isted by Clem Wolstencroft, Ed Lowrey and David Potter.

The 37 boys in the choir and three adults will take a chartered bus to Philadelphia on Friday, June 22nd and spend that night in the city. Saturday morning will be spent sightseeing before rehearsal in the afternoon and the actual TV appearance. The choir would return home Saturday night.

The Warren City Bus Line has already contributed \$100 toward the expenses. Any individual or organization is invited to donate to the fund and these contributions will be accepted at the Times-Mirror or at the studios of Station WNAE.

Library Receives Substantial Boost From Organizations
The Memorial Book Collection of the Warren Public Library is growing fast, with the aid of several local organizations who contribute in memory of deceased club members. Recent action by two of these organizations deserves special mention.
The Warren Lodge of Elks is now donating ten dollars worth of books for each recently deceased member. In addition, this organization is providing its own specially printed bookplates.
The Marconi Italian Mutual Benefit Society has contributed a sum of \$75.00 for books to be selected in memory of Santo Castagnino. The books will be on sports subjects for the children's and young people's department.
Other clubs are placing books in memory of former members. These organizations include the Royal Arcanum, the Kiwanis Club and the Woman's Club.
It is with these contributions that almost all non-fiction in the library is purchased as the general book budget does little more than cover reference books, such as encyclopedias, indexes, dictionaries and year books.
The Warren Library Association is sincerely grateful for the assistance given by these organizations and by the many individuals who give to the Memorial Collection.

Y. M. C. A. Summer Camp Gets Boost From the Phalanx
The Warren Alpha Chapter of Phalanx Fraternity has been working hard during the past few weeks on the YMCA summer camping program. Not only are many of its members planning to serve as counselors at the Erie camp site this year, but the club has also taken on the project of securing funds for sending underprivileged boys to Camp Sherwin.
The cost for sending a boy for one week is \$15 and it is hoped by members of the Fellowship that persons interested in participating in their program will get in touch with Allen Anderson or send their donation to him at the Times-Mirror.
It has been pointed out that in a two-weeks camping period a camper has approximately 200 working hours of supervised camp activity of one kind or another. In a two-weeks period at school a student has about 60 hours of supervised school program. Therefore two supervised weeks at camp compares with approximately six weeks and three days in a public school, two years in a typical YMCA building program, two years in a typical youth program, or four years and four months in a typical church program. This shows how much can be done for boys in a camp setting.
For this reason the Phalanx feels the importance of sending boys who can not afford a vacation, but through the help of others can take in this worthwhile experience. To mention a few of the activities there will be swimming, riflery, archery, tennis, crafts and nature study.
Dates for the camp are June 24 to 30 for the first period and June 30 to July 6 for the second. With the time growing short, persons interested should give this their immediate attention.

DAILY PRODUCTION
Oil City Derrick: A decrease of 1,700 barrels was reported in the daily average production of Pennsylvania grade crude oil in the week ended May 26, according to the American Petroleum Institute. In that week, the daily output averaged 55,200 barrels as compared to the previous week's daily production of 56,900 barrels. Bradford had the biggest decline—1,225 barrels to 26,500. Other decreases: Allegheny's 450 to 9,900 barrels and Southeastern Ohio's 300 to 4,600 barrels. Increases included: Kane-to-Butler's 75 to 3,750 barrels, Southwestern Pennsylvania's 100 to 2,600 barrels and West Virginia's 100 to 7,650 barrels. Virginia's output remained unchanged at 100 barrels.
AVERAGE CRUDE OUTPUT
The American Petroleum Institute estimates that the daily average production of crude oil and lease condensate for the week ended May 26, 1957, was 6,163,250 barrels of which 82,700 barrels were lease condensate mixed with crude oil losing its identity as such. Reports received from refining companies indicate that the industry as a whole ran to stills on a Bureau of Mines basis: approximately 6,430,000 barrels of crude oil daily and produced 21,102,000 barrels of gasoline; 2,534,000 barrels of kerosene; 8,580,000 barrels of distillate fuel oil and 9,045,000 barrels of residual fuel oil during the week; and had in storage 139,819,000 barrels of finished and unfinished gasoline; 19,832,000 barrels of kerosene; 51,344,000 barrels of distillate fuel oil and 37,365,000 barrels of residual fuel oil on May 26, 1957.

34th Well Drilled In Leidy Gas Field

Renovo.—The 35th good well in the Leidy field blew in Friday morning.

Drilled on State Tract No. 3, by the Appalachian Development Co. in the Beaver Dam Run section, it came in with an estimated open flow of 17 million cubic feet.

The well is the sixth largest in the field and was drilled in shortly after operations were started Friday morning.

Meanwhile drilling is continuing on the well which blew in Thursday on State Tract No. 2.

This well, the "baby" of the field, came in with 35,000 cubic feet and according to information received here remained the same after all day drilling yesterday.

A spokesman for the New York State Natural Co. said that the operation will continue in an effort to increase the flow.

...different
dollar

You know how shoes have gone up in price. But don't blame the manufacturer or the store. Blame the dollar. It buys only about half what it did in the Thirties.

The dollar is hurting us, too. Costs of supplies and equipment used in the telephone business are going up and up, just like costs of supplies and equipment for other businesses.

But compare the cost of your telephone

service with the costs of other things... and you'll agree that telephone service is a remarkable bargain.

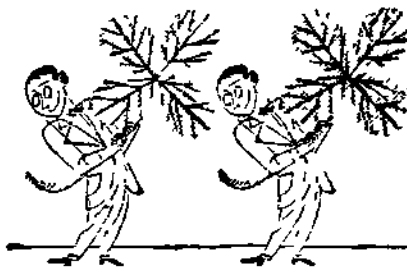

In relation to almost anything you can name, telephone service is high in value and low in cost. We're doing our level best to keep it that way. Even if its cost should go up a few cents a day, telephone service would still represent a smaller part of the family budget than it did 15 years ago.

Kane Man Named To Committee On Price Stabilization

One of Northwestern Pennsylvania's leading industries was given appropriate recognition by the Office of Price Stabilization in the formulating of ceiling price regulations covering the manufacture of wood products in the appointment by Price Stabilizer Michael V. DiSalle of J. Henretta, Jr., Vice President of Holgate Brothers Co. of Kane, to the industry's advisory committee.

Mr. Henretta is the one representative from the State of Pennsylvania on the 13 man Advisory Committee of the Variety Turned and Shaped Wood Products Industry which met in Washington on May 29th to determine pricing policies to be included in OPS ceiling price regulations now in process of development.

The industry produces a wide variety of wood turned and shaped products made from both hard and

soft woods by turning and shaping on cutting machines. Many are finished articles ready for consumer use, such as clothes pins, base ball bats, bowling pins, kitchen utensils, etc. Others are unfinished or semi-finished articles used as components in other manufactured articles, such as tool handles, paint brush handles, utensil handles, wood dowels, etc.

One committee member said his company had over 20,000 separate patterns of turned and shaped wood articles, 8,000 of which are on a fairly current production basis.

Nesmith-Armitage Wedding In Corry Lutheran Church

Russell, June 6—St. Paul's Lutheran church at Corry was the scene of a pretty June wedding Sunday afternoon at 2:30 o'clock when Phyllis Marie Armitage, daughter of Mr. and Mrs. Harold Armitage, Corry, became the bride of James Elliott Nesmith, of Russell, son of Mrs. Romina Nesmith, Wilmington, Del. The double ring ceremony was performed by the Rev. Harry S. Bowman.

White gladioli, pompoms, fern and white candles decorated the church, and traditional wedding music was played by the church organist. The soloist, Norma Jean May, sang "I Love You Truly," "Because" and "The Lord's Prayer."

Martha Goring, Conneaut, O., was maid of honor, wearing Nile green chiffon. Kay Salapek, of Warren, and Nancy Armitage, sister of the bride, were bridesmaids. They wore yellow chiffon, and carried colonial bouquets. Little Myrna Lou Miller, Erie, cousin of the bride, as flower girl wore pink organza and carried a basket of pastel daisies. Master Robert Porter, Jr., nephew of the bride, was ring bearer.

Groomsmen were Raymond Briggs, Russell, best man; Robert Porter, Sr., Franklin, Robert Curtis, North East, brothers-in-law of the bride, ushers.

The bride, escorted and given in marriage by her father, was lovely in a white satin and lace gown with fitted bodice and full skirt ending in a long train. A fingertip veil fell from a lace Juliet cap, and she wore lace mitts. She carried a shower bouquet of white roses.

Mrs. Armitage wore a beige dress with an orchid corsage, and the bridegroom's grandmother, Mrs. Clifford Kelley, Russell, wore navy with white accessories and a pink rose corsage.

The reception was held in the church parlors from three until five o'clock.

For going away Mrs. Nesmith wore a gray sharkskin suit with purple accessories and an orchid corsage. They will reside in Warren.

Among those attending the wedding were Mr. and Mrs. Clifford Kelley, Mr. and Mrs. Arthur Kelley, Mr. and Mrs. Marvin Kelley, Mr. and Mrs. Gerry Briggs, Mr. and Mrs. Clyde Briggs, Mr. and Mrs. Raymond Briggs, Mr. and Mrs. Ray Hewitt and Frances Ruland, all of Russell.

Dr. R. H. Knapp of Youngville, will be out of town until June 8. 6-6-11.

Plan for Social Activities Would Improve Family Life

A LOT of the minor matters that cause trouble between husbands and wives month in and year out could be solved easily with a little cooperation and common sense.

Take this problem, for instance, which keeps turning up in letters to this column: The wife complains that her husband never wants to go out at night—or at least never takes her anywhere she wants to go. A fair solution to that difficulty would be for the wife to say what the couple will do one evening and the husband the next.

Taking turns about planning their evenings, both would get to do what they want to do half of the time and should then be willing to do what the other wants to do the other half of the time.

Not only would that be a fair arrangement, but it might even add a little variety to their evenings.

PAPA MIGHT SURPRISE

PAPA might not always choose to stay home on "his night." He might suggest a ball game, bowling, or something else that might not have occurred to Mama.

And Mama might start using a little more imagination and ingenuity in planning "her nights," instead of always wanting to go to a movie or have the same people over for bridge or whatever.

So, for the couple whose evenings are seldom planned and are often boring, and for the couple who can't agree on how to spend their leisure time, here's a simple solution that is at least worth a month's trial.

Take turns planning your evenings, and be as agreeable about the plans the other makes as you are enthusiastic about your own.

Mabel Carlson and Harry Pearson were married June 5, 1926, in Epworth Methodist parsonage in Warren, by the Rev. J. G. Gnadler. They have one son, Kenneth.

The tea table was lovely with purple iris, white candles and a three-tiered wedding cake, gift of a sister-in-law, Mrs. Harry Carlson, Union City. Ladies were Dorothy and Margaret Olmstead and Mrs. Mary Wall. The couple received many lovely gifts and a purse of money.

Guests were present from Ridgway, Union City, Warren, Akely, Jamestown, Frewsburg and Russell.

Another Saron note is the meeting of the Missionary Society, to be held at 8 p. m. Thursday at the church, entertained by Mrs. William Sandberg, Mrs. Charles E. Johnson and Mrs. Allen Nelson.

SARON BIBLE SCHOOL

Pastor C. J. Franzen, Youngville, announces the Saron Lutheran Bible School opened Monday morning with a good enrollment. There is still time and room for others to enroll for the instruction, he reminds.

Another Saron note is the meeting of the Missionary Society, to be held at 8 p. m. Thursday at the church, entertained by Mrs. William Sandberg, Mrs. Charles E. Johnson and Mrs. Allen Nelson.

WARREN GRANGE SPECIAL MEETING

At Monday night's meeting of Warren Grange, 1025, it was voted to hold a special meeting Tuesday, June 12, to initiate a class from Brokenstraw and Warren granges. Children's Day will be observed July 2.

The charter was draped for Lena Dalrymple and Otis Hartness; a report of the master's meeting was given, and duties of officers and ritualism were discussed.

Contests were in charge of Orpha Peck and Clara Johnson, with prizes going to Harry Rogers, Marie Belton, Gladys Simones and Martha Edwards.

RUSSELL BANQUET
Russell, June 6—Twenty-eight members of the junior-senior class of Warren High School enjoyed a banquet and program in the Methodist church, sponsored by the Christian Business Men's Committee. Dinner was served by members of Russell WSCS.

F. H. Hatrick gave the welcome, and Mary Lou and Katherine Hubner sang two numbers, "It's So Sweet" and "God Bless You All." They were accompanied by Jan. Algren. Albert Fox did personalized cartoons, and there was an address by the Rev. Gustav Erickson, pastor of the Lander Methodist church. In conclusion, moving pictures of the New England States were shown.

The United States had its peak number of horses in 1915—21,430,000. Now there are less than 3,000,000.

A young film actress recently made national headlines when she refused a seven-year, \$1,000-a-week contract to devote her talent to religious work. She is Colleen Townsend, who plays the leading role in the film, "Again Pioneers" produced for the Presbyterian Board of National Missions and to be shown at the June meeting of the Women's Association at the church Thursday evening.

A tureen supper at 6:30 p. m. in charge of Circles No. 3 and No. 18 will be served before the showing of the film. Members are asked to bring a tureen and table service.

The movie, which is reputed to be one of the best made recently in the religious field, deals with migrant agricultural workers and the service of missions to these homeless Americans and Mexican "wet-backs."

Miss Townsend plays the part of an inspired Christian worker, which in reality she is.

Major film companies donated equipment for the production which has high professional standards. Many of the technicians and players donated their services to make the film. The documentary shots of living conditions of migrant workers are set Hollywood sets but actual on-the-scene pictures which should be of interest to all members of the Women's Association and to the general public which is also cordially invited to the movie.

MENU SUGGESTIONS

BY GAYNOR MADDOX
NEA Staff Writer

A MAN loves a thrifty wife, no matter how beautiful she may be. But her thrift must be slightly delicious, remember.

Young husbands continue to have lusty appetites no matter how high food costs may go. So the bride must know how to manage a food budget. Careful study of markets, of good cookbooks and at least a basic knowledge of modern nutrition will do the trick.

Rachel Reed, director of Consumer Service for The Borden Company, gives this dollar-a-week stretching menu as a case history in delicious thrift: canned chicken, individual chocolate chiffon pies, coffee.

Individual Chocolate Chiffon Pies
(Makes 2 to 3 servings)

Filling: One-half package chocolate-flavored pudding, 2 tablespoons cold water, 2 teaspoons plain unflavored gelatin, 1/4 cup heavy cream. Grind 4 Graham crackers, finely crushed, 2 tablespoons sugar, 1 tablespoon butter, melted.

To Make Crust: Combine graham crackers, sugar and melted butter. Press into small tart-sized pans or custard cups. Bake evenly on bottom and sides. To Make Filling: Prepare chocolate pudding according to manufacturer's directions. Cool. Meanwhile soften gelatin in the 2 tablespoons water for 5 minutes. Place over hot water and stir until gelatin dissolves; stir into cooled pudding. Whip the cream until stiff; fold carefully into pudding. Turn into crust shells. Chill in refrigerator until firm. Remove from pan to serve. Top with whipped cream if desired.

Mushrooms a la Russe
(Makes 2 to 3 servings)

Two tablespoons butter, 1/4 cup finely chopped onions, 1/2 pound mushrooms, sliced, or one 5-ounce can sliced mushrooms, 1 tablespoon flour, 1/2 teaspoon salt, 1/4 teaspoon 100% pure instant coffee, dash of pepper, 1 cup commercial sour cream, 5 to 6 slices toast.

Melt butter in frying pan over low heat; add onion and cook until tender and light golden brown, about 10 minutes. Add mushrooms; cook until tender and lightly browned, about 5 minutes. Combine flour, salt, instant coffee and pepper; stir in sour cream, blending well. Pour sour cream mixture over mushrooms in frying pan; cook over low heat until just heated through. Serve at once on warm toast.

TOMORROW'S MENU

BREAKFAST: Grapefruit juice, fried eggs and bacon, cinnamon toast, coffee, milk.

LUNCHEON: Cream cheese and chives on rye bread, chilled raw vegetables, spiced apricot whip, tea, milk.

DINNER: Canned chicken soup, mushrooms a la Russe, hot buttered toast, tossed spring salad with Roquefort dressing, individual chocolate chiffon pies, coffee, milk.

Corpse on the Town

By JOHN ROEBURT

Chapter 1

THE Imperial hurtled into the rain-logged gloom that was early evening Manhattan. With the storm, the hubbub of the streets had siphoned into cafes, theaters, cubbyholes.

The man in the back seat, who had dined at Lindy's clutched the leather safety-strap of the taxi-cab tightly. As the ride grew wilder, his clutch became desperate and he made stuttering sounds at the driver. The Imperial left the avenue suddenly and some yards later braked to a stop.

Jigger Moran read the taxi-meter—ninety cents. He looked behind him calling out the sum and watched first a bald head, then tufted eyebrows come into his vision.

The passenger made furious motions. "You're a madman, an absolutely crazy madman!" He peered at the rear identification card, then said ominously, "J. Howard Moran." He gave voice to the threat. "I'll report you!"

The driver shrugged. Threats were a commonplace in the work-day of a hacks. Coins resounded on the meter top. Ninety cents to the penny. No tip.

Jigger noted the fare on his trip card in obedience to police regulations. He entered: FROM Lindy's Restaurant, TO: 96 CHARLTON STREET, AMOUNT: \$90. STARTED: 6:45. TIME ENDED: 6:52 p.m.

He had pocketed the pencil when a rat-tat-tat sounded on the cab window. Jigger peered through the rain on the glass. Beyond, a man stood motionless. A battered hat dripping rainwater from the brim was pulled low, masking the eyes. Jigger unwound inches of the window impatiently; obviously he was a derelict, alcohol-deadened to the danger of exposure.

He reached into a pocket for coin.

The man said, "Want a job?" Jigger shook his head. "I'm checking in."

The man leaned closer. "Just to the Railway Express Office. No riders; only a tenant's trunk." He thrust a hand into the driver's booth. "Big tip." His palm opened, exposing a five dollar bill.

Jigger hesitated. The Railway Express Office opposite the Pennsylvania Station was on the direct route to his garage. The call was five cents worth on the taxi-meter; a five spot was virtually a gift.

He asked tentatively, "Where's the trunk?"

The man gestured at a building. "In the hall." His voice ceased. "No red tape. Just dump it. They can mail the receipt back. The tenant's name and address is painted right on it."

Jigger yielded. "Okay. But you load it on the rear rack." He took the money and pocketed it. "And step on it."

The man went off. Soon there was the fracturing sound of metal on the sidewalk. Jigger threw his trunk straps into the path of the man dragging the trunk.

Wrestling noises against the rear of the cab emptied into sudden giant thunderclaps and the

A man stood motionless, dripping rain water.

water fell in thicker sheets. Jigger pressed his temples and shut his eyes to the incessant dance of the rain and wiper on the windshield.

Speeding uptown again, the pounding inside his head began to abate and the external sounds became sharper, clearer. One sound emerged clearest: an insistent, whining note that grew steadily in volume, as if racing with him.

It reached a crescendo that seemed oddly close upon him and overtook him at Thirty-first Street as he braked to a standstill before a red traffic light.

A low coupe cut into his path and soon its twin screamed inches past the Imperial's front-end on the opposite side, completing a pincers.

Police cars.

Jigger reached for his door handle, then felt perilously as the door was yanked away from him. He stared open-mouthed at four policemen in hooded raincoats.

A gun bumped his chest and a policeman ordered, "Get into the back, driver." Jigger obeyed, and the policeman came to sit beside him. A second policeman slid in behind the wheel. The remaining two hurried separately into their coupes.

The Imperial moved in the wake of the escorting coupes. Soon the Great White Way floated into focus.

Moving across Times Square, Jigger ventured, "Where's this parade being reviewed?"

Jigger crept into a corner of the wide seat. The thump, thump in his head was again becoming knife-sharp.

In the shelter of the midtown police garage, the grimness of the drama lightened. The hooded raincoats came off, the mouths opened and the policemen emerged individually.

A policeman wearing a Captain's gold badge appeared, taking command. He called out, "Get that trunk down, Walters."

Walters began to work at the straps.

Jigger moved closer to the Captain. "What's with the trunk?"

The Captain said, "You tell me."

Jigger's face creased into perplexed lines. "It's just a job. I was making for the Railway Express Office when your squad jumped me."

The Captain regarded him doubtfully. "Maybe it's a gag. Some weissenheimer who thinks every day is April Fool." He shrugged. "Even so, we had to act on a tip."

"A telephone tip advised us to grab Imperial taxi 068—heading uptown." The Captain walked behind the cab and pointed to numbers stenciled on the tonneau. "That's your cabbie." He gestured at Walters forcing the locks of the trunk. "And you're carrying a packing trunk, like the tipster said."

What's—supposed to be in the trunk? Jigger asked apprehensively. The feeling of portent was growing.

The Captain looked at Jigger gloomily. "A corpse," he said.

Dr. Shoemaker was guest speaker and Mr. Oliver presided at the business session. (Times-Mirror photo.)

Joseph Oliver, Pittsburgh, president of the Children's Aid Society of Western Pennsylvania, presided at the 66th annual corporation meeting held in the Warren Woman's Club at 12:30 p. m. Tuesday.

Following most cordial greetings from Mrs. H. D. Hubbs, president of Warren County Children's Aid Society, acting as hostess, Mr. Oliver took over the business session.

He concluded with the encouraging news of an increase of 30% in the number of children cared for

in foster homes; an increase of over 25% in funds; and an increase in personnel in Elk county where they contemplate employing a second worker in the field.

The guest speaker, Dr. Robert J. Shoemaker, was introduced as having been a former neighbor of Warren folks, being a native of Erie.

Pursuing his topic, "A Phase of Personality Development," Dr. Shoemaker named three phases of adolescent development, describing each and explaining what is to be expected during the years of growth. He spoke, also, on the conflicts and pointed out the need for great patience in any treatment of instability.

Dr. Shoemaker was most cooperative in answering questions from many of the 40-odd guests present.

Yesterday afternoon at an assembly, Home Street School students were awarded certificates for banking, patrol awards, penmanship awards and the Gray-Y Club presented a sportsmanship award. Following the assembly, students were served ice cream and cake by the Mother's Club.

Land Is Purchased By Southwest Twp. For a New School

Land was purchased this week by the Southwest Township School Board, Warren county, as a site for a proposed new elementary school. President Charles W. Lindquist, of Route 1, Grand Valley, said construction may begin as soon as plans are approved by the state.

The new school grounds are located about 600 feet to the west of the present Enterprise school on a tract of two and three-quarters acres purchased from Fisher & Young of Titusville. The land was formerly known as the Benedict property.

Plans have been forwarded to Harrisburg to the State Department of Public Instruction calling for a three-class room building to be erected on the site. The new structure will be 60 by 80 feet and will be built of cement blocks with a flat-top roof.

The estimated cost of the structure is \$45,000. Besides the three classrooms there may be a cafeteria and a clinic room for medical and dental treatment.

Last fall the State Department of Public Instruction told the board a new consolidated school was necessary since the Hunter and Pineville schools did not meet the department's approval.

The township at one time had nine one-room schools in operation. At present only the two one-room schools at Hunter and Pineville and the two-room school building at Enterprise are in operation. The new plan calls for the abandonment of one-room schools.

Grassland Field Attracts Crowd From Warren Co.

Several hundred from Warren county were among a crowd estimated at upwards of 7,000 persons in attendance at the Grassland Field Day held at the Crawford County Home near Meadville yesterday.

Principal attention centered on improved pastures, better grass usage and hay, and ways for using these crops most efficiently. Farm women had their own special program and witnessed demonstrations on poultry cooking, wrapping of meats for freezing, and milk and egg demonstrations.

Main attractions, however, were various fields and more than 100 different items of farm machinery including tractors, mowers, rakes, hay crushers, sprayers, spreaders, combines, forage harvesters, plows and blowers.

Free bus service made possible trips by spectators to all points on the day's program. Food stands were handled by four Crawford county Granges from Lanesville, Dixonburg, Cochran and Spring. State police and county constables aided in directing traffic and parking.

This was the fifth and final of a series of Field Days across the state and brought the total attendance to over 30,000. The days were sponsored by the Agricultural Extension Service and the Agricultural Experiment Station of Pennsylvania State College.

Following a noon program of speaking, the IOOF Home Band of Meadville, played a concert. Speakers included Paul Smith, chairman of county commissioners, W. S. Wise of Meadville, prominent agricultural leader; and several guests from State College including Dr. Lyman E. Jackson, dean of the School of Agriculture, Dr. M. A. Farrell, assistant director of the Experiment Station; Dr. H. P. Albrecht, head of the Agronomy Department; Dr. Grace Henderson, dean of the School of Home Economics; and Lydia Tarrant, senior supervisor in home economics extension service.

Attending from the greatest distance was Mrs. Mueller of Munich, Germany, who is in this country to observe educational methods.

Crawford Co. Man Is Held for Slaying

Meadville, June 6.—Francis Lloyd Mason, 27, of Randolph township Tuesday was charged with second-degree murder in the first-degree death of his stepfather, James B. Willis, 54, Route 1, Guys Mills.

A second information charging involuntary manslaughter was also filed.

Mason pleaded innocent to both charges when arraigned before Alderman S. G. MacTarnaghan at 3:30 p. m. He asked for an immediate hearing but the alderman denied it on grounds that Mason was not represented by an attorney.

The stepson was committed to the Crawford county jail without bail pending the preliminary hearing, the date of which the alderman will set later.

Both informations were signed by Pfc. Charles W. Hancock of the Meadville State Police. The second-degree murder one charged that Mason "did then and there unlawfully, feloniously and with malice aforethought kill and slay" James B. Willis.

District Attorney Raymond P. Snafer said that charge carries with it one of voluntary manslaughter.

The information concerning involuntary manslaughter said Mason "while committing an unlawful act, to wit: assault and battery upon the person and James B. Willis, did unlawfully and feloniously kill and slay the said James B. Willis."

Big Beets are Good But Small Ones are Tastiest

Beets are Best for the Table and for Canning When as Large as Golf Balls.

Beets give a heavy yield for the space they take in the home garden; and can be harvested all summer long and served in many delicious ways.

The height of their quality is reached when they are as big as a golf ball; so several sowings at intervals are advisable to keep new crops coming to be harvested in their prime.

If you have trouble growing beets, it may be your soil needs it. They are among the first vegetables to show bad effects from acid soil. It causes stunted growth, small roots, and too much red and yellow coloring in their leaves.

If your beets showed these symptoms last summer, be sure to spread lime or limestone screenings over your garden this spring.

Beet seeds are large and soft; each "seed" in fact is a cluster of seeds and will grow several plants. Sow them one to the inch in a half inch drill, and firm the soil well over them, because the seeds are rough and air pockets easily form, preventing close contact with the soil.

First thinning may be delayed until the roots have begun to thicken and the leaves are two inches or more wide. At this stage and as long as the leaves remain tender, a dish of beet greens cooked with the tiny beets will be a delight, as well as one of the most nourishing dishes of the season. Thin gradually all along the row, using the excess plants, until the individual plants are four to six inches apart, depending on the fertility of your garden.

At this distance, the beets will grow all summer, in fertile soil, and good varieties remain tender and sweet even when they reach several inches in diameter.

For canning, the small beets are preferable. A row of beets can be sown especially, thinned out gradually and harvested in one day when they have reached the desired size, and the canning crew is ready to operate.

Grand Daddy Entry Is Filed For Sunday

Art Robbins, the racing grand pappy, who not only surprised fans by not rolling over but by winning the featured stock car race at the Dicky-Ben speedway last Sunday, has filed his entry for the races to be held this coming Sunday.

Robbins had been riding in a jinx streak and in his three previous ventures this year he either rolled over or cracked up. A heavy-footed veteran of the racing game, Robbins shoots the works with each effort and the fans are assured of plenty of action when his ME2 racer is on the track.

Last year Robbins enjoyed considerable success on the track and maybe last week's race was the turning point for him this year. At least one thing is certain and that is that Art will definitely be shooting to make it two in a row at the Dicky-Ben speedway on Sunday.

WARREN CHAPTER

League President Charles Munsante had good news for the Hot Stove leaders when they met last night at Trinity Memorial parish house. He announced that sponsors had been procured for 49 of the 51 teams in the league, and that there were several persons interested in the two vacancies.

Most of the meeting was devoted to drawing up schedules for the various leagues. The Hot Stove program gets under way tomorrow night with Junior and Intermediate teams swinging into action. Cadet and Midget circuits have their opening games Friday night, while the Bantams get started on Monday.

Game night are as follows: Monday—Bantams. Tuesday and Thursday—Juniors and Intermediates. Wednesday and Friday—Midgets and Cadets.

Official schedules will be published in the Times-Mirror, the first two of which appear in today's issue.

Reports also were received by Financial Secretary Harold Johnson on sale of adult Hot stove Memberships. These memberships are being sold by Hot Stove leaders to parents of the boys and to others interested in the program at \$1.00 minimum. Membership cards also may be produced by sending a dollar or more to the league treasurer, Bob Moorhead, in care of the Times-Mirror. The card will be sent out by return mail and the corresponding stub turned over to league officials.

Seven teams are enrolled for Junior League play. Tomorrow night's opening games, are as follows:

Learn to Swim Classes Are Slated At the YMCA Pool

The annual "Learn to Swim" campaign will be held at the YMCA this June for non-members who are unable to swim. The classes will be conducted every Tuesday and Thursday morning, beginning June 12.

On Tuesday, boys nine, 10, and 11 years of age will report at the pool at 9:30, and the 12 through 16 age group at 10:30. Swimming suits are optional, but all boys should bring their own soap and towels.

This is a fine opportunity for non-swimmers to learn to swim and all boys interested should phone the YMCA, 1000, to be sure of a place in the classes.

Bill Mulvey, physical director of the Y, will be the instructor of the course, which he has found very successful in the past few years.

The summer swim schedule released by Mulvey, effective June 11, is as follows: Cadets—Monday, Wednesday, and Friday, 2:45 to 3:30; and Saturday, 9:45 to 10:30. Juniors—Monday, Wednesday, and Friday, 3:45 to 4:30; and Saturday, 10:45 to 11:30. Older boys—Monday, Wednesday, and Friday, 7:00 to 8:00; and Tuesday, 3:45 to 4:30.

Thursday's schedule for girls and women is: beginners, nine and 10, 2:00 to 2:30; beginners, 11 and over, 2:30 to 3:15; girl swimmers, nine, 10, and 11, 3:30 to 4:15; older girl swimmers, 11 through 16, 4:15 to 5:00; and women, 16 and over, 5:00 to 6:00.

The Red Cross swim instruction and co-ed swim is scheduled from 8:00 to 9:30 on Tuesday nights.

There will be no gym classes during the summer, but showers, gym, and exercise rooms will be open to young men and seniors daily from 9:30 a. m. to 9:00 p.

"It must be somebody's birthday today," announced Generous George, "so I'll make you a present of this trick." It was an unusual trick to give away, but our hero certainly didn't lose anything by it.

The bidding had been tentative but reasonable enough. Playing for a game with four trumps in your own hand and three in the dummy is sound enough if you're a good player.

West opened the king of clubs and then shifted to the nine of spades. Dummy played the deuce of spades, East played the four of spades, and Generous George made his little speech and played the six of spades. The defenders were surprised, but not grateful to be given this trump trick.

Now George could get to his

What would the result have been if George had not been so generous at the second trick? He'd have lost his game contract.

For example, suppose the first round of trumps is taken by dum-

Roystone Singer Places Fourth in Contest at Erie

Sheffield, June 6 — About 100 persons from Sheffield and Warren were in Erie last night at the Warner theatre to lend support to the Warren county contestant in the Warner Bros. Star Discovery contest, James O'Donnell of Roystone. The group made the trip in two chartered buses and by car.

Jim, a baritone, placed fourth in the contest. First place winner was Jimmy Manucci, violinist from Erie; second place went to the Tillotson sisters from Titusville, who sang a duet, and third place to George Wilson, Oil City, also a vocalist. The first and second place winners go to the final contest in Pittsburgh and the third winner will be an alternate.

Jim O'Donnell, son of Mr. and Mrs. John O'Donnell, sang "Rock-a-bye Your Baby with a Diddle Melody" as his selection in the contest. His accompanist was Miss Mary Konekoba, daughter of Mr. and Mrs. R. E. Samuelson. An applause meter and judges chose the winners. Erie judges were Rev. Francis Schindwein, pastor of St. Boniface church, Mrs. Wilma Miller, a theater booking agent, and Newell Tarrant, director of the Erie Playhouse.

W. A. Work, better known as "Stub", was admitted early yesterday morning to the Warren general hospital. Charles Wilcox was admitted Tuesday afternoon. Both were taken to the hospital in the Borden ambulance.

Wendell McMillen will be in Washington, D. C., tomorrow to attend a meeting of the Northeastern Lumberman's association abroad. McMillen, one of seven board members, is president of the McMillen Lumber company and of the McMillen Builders Supply corporation.

Jack Neal and family, of Rio Grande City, Texas, are visiting at the

Further Discussion On Jointure Being Held By Officials

Corry Journal: With rumors, counter-rumors and outright misstatements of the facts continuing to fly over the proposed school jointure program involving Corry and five adjacent school districts, Wayne township school directors today authorized publication of the complete text of the agreement which is still in the tentative stage.

Because the proposed jointure—it is generally felt by school directors in all districts that there will be one although the number of participating districts remains in doubt—will undoubtedly map the course of public school facilities for years to come, directors are urging that all taxpayers in the six districts read the agreement in its entirety.

Because of the mounting interest in Wayne township, directors there have scheduled a taxpayers' meeting at the Wheelock School this Saturday at 8:30 p. m. Reluctant to take the responsibility of voting for or against jointure, directors at that time hope to get a concrete expression of opinion from parents and interested residents.

Wayne township directors are reported to be split on the issue with one director for the proposal, one against and the remaining three undecided.

Reports from that district show much of the opposition to the program to date has stemmed from the first agreement which was later revised and rewritten.

Incorporated into the second draft was the provision that the joint committee could not raise or lower the costs of any one of the six participating districts for any reason without the consent of board members from the district involved.

Basically, according to some directors who have been working on the proposed jointure, the program will not make any major change in the methods of instruction, transportation or any of the mechanics involved in educating pupils in grades 7 through 12. Although it had at first been planned to carry out the jointure on the elementary level (grades 1-6) it is apparent now that the rural districts will not consent to this phase.

The big advantage to be gained through jointure, according to directors, is increased financial aid from the state and a school building program to accommodate junior high and high school students from the six districts since the Corry facilities, where they are being educated at present, will be crowded beyond existing limits within two years.

NOTICE
Dr. R. H. Knapp, of Youngsville will be out of town until June 8, 8:31-31.

Letters to the Editor

Mr. Ed. Lowrey,
Editor, Times-Mirror.

Dear Sir:
This item is of interest (I hope!) to residents of Pleasant Township.

There are repeated rumors that our one and only bus will be discontinued if more people don't patronize it.

We all asked for, and wanted, bus service, so why do so few people ride it?

For us, who do not have a car, or drive, it has been most convenient.

Our township is growing fast, and if the bus is taken away, it may never be put back on again. Three or four passengers daily can't keep the bus running over here, we all have to keep and ride them!

Even with the increased fare to 15c it's still well worth it. Especially so in winter (like our last one), one can take the bus and have no worries of icy driving, or getting stuck in a drift up town at the curb with their car.

So—let's all patronize it—leave the car home once in a while and ride the bus! Help those who have no other means of travel.

We will be sorry if it's taken off.

Signed—A Resident and Taxpayer of Pleasant Township.
